CIRA X Retrofit Kit	\$834.00	7
Pinpoint X Kit	\$755.00	8
Pinpoint XT Kit	\$500.00 - \$550.00	8
Premium Service/Support	Varies	9

EMS Redline - Connected Ambulance – CIRA X2 LTE		
Feeney Part Number	Description	Cost
Sprint: NA Verizon: FWS-X2B-44V-215 (Black) Verizon: FWS-X2R-44V-215 (Red)	CIRA X2 is a 3G/4G embedded communications gateway for connecting all types of vehicles. With the CIRA X2 installed, the vehicle and all of its network enabled devices are automatically connected when the vehicle is turned on. The CIRA X2 consolidates all network connectivity into a single platform by integrating a cellular radio, GPS receiver, firewall, high-speed processor, and Wi-Fi access point all in one device. The third generation of our CIRA product line – the CIRA X2 now includes the AXIOM platform for embedded intelligence. AXIOM delivers new functionality and is a foundation for adding new capabilities, including software controls, applications and even new peripheral devices. The CIRA X2 is a product that grows with you as new needs are defined. 802.11N Access Point – Extends your mobile hotspot further with faster speeds, up to 150 Mbps-Quad SSID – Create separate wireless networks for different network applications- Wi-Fi Scheduling – Determine rules for when users and applications can connect over Wi-Fi	\$1,104.00
AT&T: FWS-X2B-44A-215		
FWPROVISIONING	Device activation, configuration and provisioning,	\$50.00
FW5783 (W or B)	MIMO LTE Combo Antenna : 15ft Cabling	\$218.00
FW3945-V2	CIRA Regulated DC Vehicle Power Adapter 9-32VDC Includes Noise Filtration and Low/High Voltage Shutdown. With 2 Pin mobile power connector. Includes integrated 2 hours shut down timer. If purchased separately	\$115.00
FW4376	Ground Plane for roof mounted antenna on fiberglass roof	\$10.00
FW4324-2YR	CIRA 2 Year Extended Warranty (total of 3 years)	\$75.00
Total		\$1,572.00

**If FW3945-V2 DC Power Supply is not purchased at same time as the CIRA, then price for the power supply is \$135.00*
